

Lima, 2009-07-08

Mr. Marc Boudreault:

We want to show our satisfaction for the work realized in the month of July 2008, which have turned out to be totally satisfactory and have covered our expectations.

After implementing the improvements to the network's system, we want to be grateful for this initiative, since It's of great usefulness and support for our daily labors. In wait of future supports that could be of great interest for the future.

Greetings.
